Making a Difference

So much has happened in the past few months. COVID has made a resurgence in Thailand which has caused a drop in the economy and has made all of the schools come to a close until further notice. The children are still doing school online, but it is very tiring for them because they also have to find the material the teachers are teaching instead of the teachers giving them the material themselves. However, we applaud our house parents for helping the children get through this difficult time, and we thank you to our supporters who have also helped us get through this pandemic.

Something else exciting has happened. We were able to rescue one of our first boys. He is now in one of our houses. He is pictured above in the orange shirt. He is four years old. We are so happy for him to be with us and thank our supporters for helping us rescue him. With your prayers and your financial support, we can find and rescue these children. We are so thankful. God has supplied our every need and continues to do so. There are so many more children out there that need to be rescued from trafficking.

Prayer Requests

- Souls to be won
- Open doors in the community
- Church planting
- Vehicles for house parents and homes
- Budget to be met
- Protection and safety in our travels
- Land and funds for building children's homes
- Rescue more children

Each of these children has a story. Their story does not begin with heartache and sadness but that is not where it ends. Each of their stories has a 'but God' moment. We are so thankful that we are a part of that story. We want you to be a part of that story as well. If you haven't already, please consider becoming a partner with us and donate daily, weekly, or monthly to help us rescue, restore, equip, and release these children into the Promised Land that God has for them. Thank you again for your support.
