You are helping change lives! We recently rescued another eleven-year-old girl. She is thankful for your help in rescuing her. Her name is Rose. She says that she never had a bed or consistency of food on the table until she was rescued and put with us. She feels loved and wanted. She thanks you. (Pictured in the middle of our other girls).

Meet Nuna

Nuna is one of our girls that has just started college! We are very proud of her! She is a fighter! Her mom died when she was young and she didn't have proper schooling because her father's mind turned into a state where he was not capable of taking care of anyone even himself. She was trying her best to take care of her father when people threatened to kidnap and sell her. She moved away but was found by us and we took her in to keep her safe. She received high marks in school and is now studying to be a nurse. We are proud of Nuna and what she has accomplished! She hopes to continue sharing the love of God with others and share that God is the one who heals as well! Continue to pray for her and the rest of the children we rescue! You are helping chan
