

PROMISED LAND MINISTRIES

Chiang Mai, Thailand

MARCH 2023 | ISSUE 3 | VOL 6

A NEW SEASON

Promised Land Ministries seeks to rescue, restore, equip, and release those in and at risk of sex trafficking. We work to teach them different trades, English, the Word of God, how to be men and women of God, and counsel them. We want to equip them for their Promised Land God has for them. One of the things we do is help the students go to school. In the United States, taxes help pay for public schooling, but in Thailand, no matter if it is a public or private school, you still have to pay for your

education. Thanks to all of our supporters who have helped us get our kids into school. We are celebrating graduations from middle and high school this year. The school term ends at the end of February and graduations are in March. Thank you so much for helping our children. You have provided a way for them to go to school and are changing their lives. We are celebrating five graduations this year. Three of them from high school and two of them from middle school. You have changed their lives. They are now able to pursue a college degree if they choose to do so or

go into a field of trade work. With your support we are also able to send them to college. This is why monthly support is so important. When we have consistent monthly donors, we are able to ensure that the kids are taken care of. For just \$50/month, you are helping us rescue, restore, equip, and release children into their Promised Land.

For just \$50/month you are helping us feed them, clothe them, and send them to school. Your support matters. Your support changes lives. You are helping us change a nation by changing the lives of a generation that did not have hope before. You are helping us restore that hope and show them that they matter. Thank you for your support.
