It's school time in Thailand! We are excited about school because we have a new child starting school for the very first time. We also have four of our girls starting college this year! We are so proud of them! God is doing great things in their life! Because of your support we have been able to send them to college! One of our girls is going to study to be an English teacher. Another one of our girls is going to study to be a nurse. The other two girls

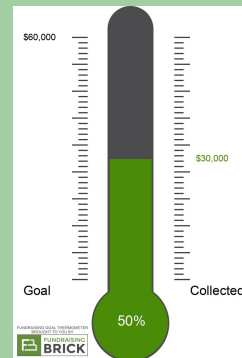

want to become chefs. We are so excited for the future God has for them. We are thankful for your support and commitment to Promised Land Ministries. You are changing their lives. Before they were lost and now they are found. Before they had no future and now they have a future that is filled with God's love and Spirit. Thank for helping us bring the children closer to their Promised Land God has for them.

## Donate

Thank you so much to our donors. So far this year we have been able to raise 50% of our yearly budget and 7% of our goal for a new house. We thank God that He has given us you to help us reach the needs of the children we rescue. We are excited to see what the future holds! The children send their love and thanks! Thank you for your continued support!

### Meet Duy Duy

Duy Duy is one of our girls that is going to college this year! We are super excited! She is going to school in Bangkok which is south of us. She wants to be an English teacher. She is very good at her English skills. She is so good that her school sent her to Malaysia for an English conference among Southeast Asian schools. She also graduated top in her class from her school. We are super excited to see what God is doing in her life. Her dad left when she was young and her mom dumped her somewhere close to a sex buyer. She was picked up by another "Christian" organization but kicked out because they said she was too rebellious. She wandered the streets by herself but we were able to find her and rescue her from being kidnapped and sold. She has grown so much in the Lord and now is going to college. She sends her love and thanks to you and hopes to see you soon.
